

MichiganTech

Ford PAS & Michigan Tech present a Summer Institute for Teachers

Topic: Ford PAS Course 4: Designing for Tomorrow (emphasis on Module 10)

Where: Michigan Technological University's Campus

Dates: Sunday, July 8— Friday, July 13

Information:

- Check-in and Orientation on Sunday, July 8 at 6 p.m.
- Lodging and meals provided
- Take home a curriculum kit
- Earn graduate credit
- Transportation assistance available
- Registration Deadline is May 15th!
- Space is limited to 15!

During this intensive institute participants will experience hands-on learning about Ford PAS Course 4, with an emphasis on Module 10. Participants will explore effective tools and strategies for implementing inquiry, project and team based approaches in the classroom; share ideas for integrating the Ford PAS curriculum in their classrooms; and develop extension lessons that focus more specifically on earth system science and aerospace engineering.
