

Adult Consent and Release Form

Dear Participant,

Ford Motor Company Fund ("Ford Fund"), the philanthropic arm of the Ford Motor Company located in Dearborn, Michigan, and Education Development Center ("EDC"), a not-for-profit research and development organization located in Newton, Massachusetts, have developed the Ford Partnership for Advanced Studies ("Ford PAS"). Ford PAS is a national project whose mission is to introduce high school students to the concepts and skills needed to succeed in the twenty-first century. Ford PAS work includes the creation and delivery of a set of curriculum materials, which include both a teacher and student guide, as well as training and technical assistance for schools and university and business partners on the implementation of the curriculum (the "Materials"). Ford PAS is funded by the Ford Fund. For more information, please visit the website at www.fordpas.org.

In furtherance of Ford PAS, the Ford Fund, Ford PAS, and/or EDC will be collecting examples of your work ("Work Samples"). Work Samples are one of the key components to effective teacher training and informational materials. Further, the Ford Fund, Ford PAS, and/or EDC may also record your name, likeness, image, voice and photograph (collectively, the "Performance"). Names are typically removed from Work Samples before they are included in the Materials, however, there may be times when we wish to include your name.

With your permission, the Work Samples and/or your Performance, collected during your participation in Ford PAS, may be presented at conferences, appear in printed materials or audio-visual presentations, including marketing/advertising media, or be distributed on the Internet and/or in other broadcast media.
